Independent Auditor's Report to the Shareholders of NRB Bank Limited Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of NRB Bank Limited and its subsidiary (the "Group") as well as the separate financial statements of NRB Bank Limited (the "Bank"), which comprise the consolidated and separate balance sheets as at 31 December 2022 and the consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flow statements for the year then ended, and notes to the consolidated and separate financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2022 and of its consolidated and separate statement of profit and loss accounts, its consolidated and separate statements of changes in equity and its consolidated and separate cash flow statements for the year then ended, in accordance with International Financial Reporting Standards (IFRSs) as explained in note 2 and 3.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We remained independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), guidelines issued by Bangladesh Bank and rules and regulations issued by Bangladesh Securities and Exchange Commission (BSEC) and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and separate financial statements of the current year. We summarize below the key audit matters in arriving at our audit opinion above, together with our key audit procedures to address those matters and, as required for public interest entities, our results from those procedures. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters are discussed below together with an explanation of how the risk and our audit response was tailored to address these specific areas.

All key audit matters are applicable to the consolidated and separate financial statements.

II. Measurement of provision for loans and advances/investments:

The process for estimating provision for loans and advances/investments associated with credit risk is judgmental, significant and complex. While estimating such provision certain judgmental factors needed to be considered.

Furthermore, these provisions are processed manually that deals with voluminous data extracted from the IT system of the Bank and following the instructions of Bangladesh Bank issued time to time.

Due to high level of judgment involved and using some manual process in estimating the provision for investments, we considered this to be a key audit matter.

At year end the Bank reported total provision on loans and advances at BDT 1,443 million (2021: BDT 1,566 million).

Ref: note no. 13 and 13.3 to the financial statements.

- Provision calculations on loans and advances and investment risk are significant and complex for manually processed vast databases, assumptions, design and implementation.
- Actual business performance may be misleading due to under or over provision on loans and advances/investments.

We have focused on the following significant judgements and estimates which could rise to material misstatement for management bias;

- > Completeness and timing of recognition of provision on loans and advances/investments in accordance with criteria set out in relevant BRPD circulars
- For individually assessed provisions, the measurement of provision may be dependent on the valuation of collateral,
- > Estimates of exit values and the timing of cash flows
- ➤ Provision
 measurement is
 primarily dependent
 on key assumptions
 relating to probability
 of default, ability to
 responses collateral
 and recovery rates

accounting standards and Bangladesh Bank guidelines.

Optimum results: We considered both the provision on investments and disclosures shown in financial statements to be acceptable.

We tested the design and operating effectiveness of key controls focusing on the following:

- Tested the control designed by management of the Bank to ensure compliance of Bangladesh Bank circular relating to provision requirement and provision calculations.
- Assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information.
- Checked calculation of individual provision considering loans and advances/investments status as per BRPD circular, interest/profit suspense, security value and base for provision.
- Tested the loans and advances/investments appraisal, investment disbursement procedures, monitoring and provisioning process.
- Reviewed identification of loss events, including early warning and default warning indicators.

Our substantive procedure in relation to the provisions for loans and advances/investments portfolio comprised the following:

- Reviewed quarterly classification of loans and advances/investments and the adequacy of the Group and the Bank's general and specific provisions.
- Finally, assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.
- Assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information.
- In respect of DBI-5 through its letter ref no: DBI-5(IS)/154/2023-535 dated 27/04/2023, the bank has made provision as per instruction of Bangladesh bank
- Finally Compared the amount of provision requirement as determined by Bangladesh Bank inspection team to the actual amount of provision maintained. In this regard, the bank has made provision in compliance with Bangladesh Bank letter ref: DBI-5(IS)/154/2023-535 dated 27/04/2023.

III. Recognition of interest /profit income from loans and advances/investments:

Recognition of interest/profit income has significant and wide influence on financial statements.

Recognition and measurement of interest/profit income has involvement of complex IT environment.

While estimating such provision certain judgmental factors need to be considered including;

- a) Future business performance of the borrower;
- b) Key assumptions' relating to business performance of the borrower;
- c) Market value of the collateral
- d) Ability to responses collateral: and
- e) Recovery rates

Furthermore. these provisions are processed manually using voluminous data extracted IT system of the Bank and following the instructions of Bangladesh Bank (Central Bank of Bangladesh) issued from time to time. Due to high level judgement involved and using some manual process in estimating the provision for loans advances/Investments, considered this to be a key audit matter.

Since interest /profit income from loans and advances/investments is one of the performance indicators of the bank there is an inherent risk of fraud and error in recognition of interest / profit income.

Refer to note no. 20 to the financial statements.

We have identified recognition of income from loans and advances/investments as kev audit matter because this is one of the performance indicators of the Bank and therefore there is an inherent risk of fraud and error in recognition of income by management to meet specific targets expectations.

We tested the design and operating effectiveness of key controls over recognition and measurement of income from loans and advances/investments.

For selected customers and investment files on samples basis we have also performed substantive test of details including recalculation and cut off testing to check the accuracy of interest/profit income.

We have performed test of operating effectiveness on automated control in place to measure and recognize interest/profit income.

We have also performed substantive procedure to check whether investment income is recognized completely and accurately.

We also conducted substantive analytical procedures to assess reasonableness of profit recognized during the year with reference to the product wise outstanding investment balances.

We have assessed the appropriateness and presentation of disclosure against relevant accounting standards and Bangladesh Bank guidelines.

IV. Impairment assessment of unquoted shares:

Due to high level of judgment and assumption involved in evaluating the impairment assessment of unquoted shares, we considered this to be a key audit matter.

Refer to note no. 6.2.2, 13.5 and annexure -C to the financial statements

In the absence of quoted price in an active market, the fair value of unauoted shares and securities, especially any impairment calculated using valuation techniques which may take into consideration direct or indirect unobservable market data and hence requires an elevated level of judgment and assumption.

We have assessed the process and controls put in place by the Bank to ensure that all major investment decisions are undertaken through a proper due diligence process.

We have tested a sample of investment valuation as at 31 December 2022 and compared our results to the recorded value.

Finally, we have assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.

V. Carrying value of investments in subsidiary(s) of the Bank:

The NRB Bank Limited has invested an amount of BDT 49.99 crore in equity shares of its subsidiary NRB Bank Securities PLC.

Recoverability of the foreign investment is generally considered a high-risk matter. However, due to the materiality of the investment in the context of the parent company's financial statements, this is considered to be the area that had the great focus of overall parent company audit.

We have focused on the appropriateness of the application of value in use model, the key assumptions used in the model, the reasonably possible alternative assumptions, particularly where they had the most impact on the value in use calculation.

We have compared the carrying amount of the total investment balance with the relevant subsidiary's financial position to identify whether their net assets were in excess of their carrying amount and assessed historical financial performance.

Optimum results: We considered the banking group's assessment of the recoverability of the investment in subsidiaries to be acceptable.

VI. Measurement of deferred tax

Calculation of income tax provision required compliance with income tax ordinance 1984 including careful consideration of various temporary and permanent differences. Furthermore, upon final settlement of pending tax assessment any excess or short provision of current tax is also adjusted in the current years. For the year ended 2022, the Bank report income tax provision amount 172 million (2021: 201 million).

The deferred tax asset amounting to BDT 838 million were shown in the financial statements as at 31 December 2021. As the bank has 882 million deferred tax asset in the financial statement as at 31 December 2022, the differential amount 44 million has been recognized as deferred tax income during the financial year.

Recognition and measurement of deferred tax asset contain judgment and objective estimates regarding future taxable profit and the usability of unused tax losses and tax credits.

The significant risk arises from the estimation of future usability of the benefits. Such estimation required in relation to deferred tax asset as their recoverability is dependent on the forecasts of profitability available in near future.

We have conducted a risk assessment to obtain an understanding of the relevant tax laws and regulations considering the following:

- > Evaluation of the policies used for recognition and measurement of deferred tax liabilities in accordance with IAS 12 and Income Tax Ordinance, 1984.
- We assessed the accuracy and completeness of data used for estimation of deferred tax.
- Evaluating management's assessment on the sufficiency of future taxable profits in support of the recognition of deferred tax liabilities by comparing management's forecasts of future profits to historical results and evaluating the assumptions used in those forecasts.
- We reviewed the tax provision for those years where income tax assessment is pending and assess the adequacy of tax provision recorded by the bank. Special focus attention was given to any reversal /adjustment of income tax provision from prior year.
- Checked the computation of deferred tax by applying appropriate tax rates of tax schedule and identified temporary difference between tax base and accounting base depreciations and other liabilities.

Refer to note number 3.7 and Optimum results: We considered recognition and measurement of deferred tax liabilities in 9.3.1 to financial the statements. particular regarding the assumptions and parameters to develop the taxable profit and usability of tax losses and credits to be reasonable. VII. Investment in Financial The carrying value of We have performed procedure to check Institutions: investment whether the Bank has ensured appropriate may be The bank has invested in materially misstated in documentation and calculation as per financial institutions case of inappropriate Bangladesh Bank regulations amounting TK identification provisioning on investment. In addition, we to 2.732.100.000 out of estimation of provision have performed an audit procedure to check aforesaid amount Fixed either individually whether the documentation is completed as Deposit amounting collectively. to per approval of the Board of the Bank. 148.800.000 with As a part of risk We tested the design and operating effectiveness of key controls focusing on the International Leasing assessment. | | | | We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information. |
| | | | We also assessed the Group and the Bank's provisions and contingent liabilities disclosure. |
| IX. | IT Systems and Internal Controls: Our audit procedures have a focus on IT systems and control due to the previous nature and complexity of the IT environment, the large volume of transactions proceeds in numerous locations daily and the reliance on automated and manual with automated (IT dependent) controls. We have focused on Bank's compliance with the Internal control set out in the "Guideline on ICT Security for Banks and NBFIs by Bangladesh Bank. | Information Technology risk arises from the use of computer systems in the day-to-day conduct of the bank's operations, reconciliation of books of accounts, and storage and retrieval of information and reports. The risk can occur due to the choice of faulty or unsuitable technology and adoption of untried or obsolete technology. Major risk arises from breaches of security for access to the computer system, tampering with the system, and unauthorized use of it. Historically, information technology was used as a supporting tool for fast and accurate delivery of financial services. Over the period, the uses of information technology in financial services. Over the period, the computer substantially widened. Fierce competition among banks induced them to enlarge their network of banking products and services, and compelled them to offer services offsite and allow the | We have tested a sample of key controls operating over the information technology in relation to financial accounting and reporting systems, including system access and system change management, program development and computer operations. We have obtained management's evaluation of the access rights granted to applications relevant to financial accounting and reporting systems. We also assessed the operating effectiveness of controls over granting, removal and appropriateness of access rights. We have reviewed the System of Internal Control which is designed to manage all the risks of failure to a reasonable level and this System provides reasonable assurance of effective and efficient operations covering all controls including financial & operational controls, reliability of the financial information, compliance with applicable laws & regulations, adherence to management policies. We have checked standards over systems related process and documentation, and IT General controls to get reasonable assurance that the IT environment being used to generate, process and transmit financial information/records has reasonable level of control in place. Optimum result: We considered the user access management, segregation of duties and change management controls in relation to financial accounting and reporting systems to |

We tested a sample of the valuation models and the inputs used in those models, using a comparing input to available market data. Finally assessed the appropriateness and presentation of the disclosures against relevant accounting standards and Bangladesh Bank guidelines.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Report other than the consolidated and separate financial statements and our auditors' report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, considered whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Group and also separate financial statements of the Bank in accordance with IFRSs as explained in note 2 and 3, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 (as amended up to date) and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the group and the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditor's Responsibilities for the audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercised professional judgment and maintained professional scepticism throughout the audit.

We also:

- Identified and assessed the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluated the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtained sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.
- We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.
- We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

• From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the consolidated and separate financial statements of the current year and are therefore the key audit matters. We described these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest/benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, the Banking Company Act, 1991 and the rules and regulations issued by Bangladesh Bank, we also report that:

- (i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) To the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibility section in forming the above opinion on the consolidated financial statements of the Group and the separate financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on antifraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
 - (a) Internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
 - (b) Nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities other than matters disclosed in these financial statements;
- (iii) Financial Statements of subsidiary company of the Bank namely NRB Bank Securities PLC has been audited by K. M. HASAN & Co, Chartered Accountants. The accounts of NRB Bank Securities PLC have been properly reflected in the consolidated financial statements;
- (iv) In our opinion, proper books of accounts as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books;
- (v) The records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- (vi) The consolidated balance sheet and consolidated profit and loss account together with the annexed notes dealt with by the report are in agreement with the books of account and returns;
- (vii) The expenditures incurred were for the purpose of the Bank's business for the year ended;
- (viii) The consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (ix) Adequate provisions have been made on advance and other assets which are in our opinion, doubtful of recovery;
- (x) The information and explanations required by us have been received and found satisfactory;

(xi) We have reviewed over 80% of the risk weighted assets of the Bank; and spent over 2,150 person hours; and

(xii) Capital to Risk-weighted Asset Ratio (CRAR) as required by Bangladesh Bank has been maintained adequately during the year ended.

It is a subsidiary company of NRB Bank Limited, a banking company incorporated in Bangladesh under the Banking Companies Act 1991 having its registered office at Baliaaree (4th Floor), House#30, Road# 130, Gulshan South Avenue, Gulshan 1, Dhaka.

2. Basis of preparation and significant accounting policies

2.1 Statement of compliance

The Financial Reporting Act 2015 (FRA) was enacted in 2015. Under the FRA, the Financial Reporting Council (FRC) is formed and it is yet to issue financial reporting standards for public interest entities such as banks. The Bank Company Act 1991 has been amended to require banks to prepare their financial statements under such financial reporting standards. The FRC has been formed but yet to issue any financial reporting standards as per the provisions of the FRA and hence International Financial Reporting Standards (IFRS) as approved by the Institute of Chartered Accountants of Bangladesh (ICAB) are still applicable.

Accordingly, the financial statements of the Bank continue to be prepared in accordance with International Financial Reporting Standards (IFRS) and the requirements of the Bank Company Act 1991, the rules and regulations issued by Bangladesh Bank (BB), the Companies Act 1994. In case any requirement of the Bank Company Act 1991, and provisions and circulars issued by Bangladesh Bank differ with those of IFRS, the requirements of the Bank Company Act 1991, and provisions and circulars issued by Bangladesh Bank shall prevail. Material deviations from the requirements of IFRS are as follows:

i) Presentation of financial statements

IFRS: As per IAS 1 financial statements shall comprise statement of financial position, comprehensive income statement, changes in equity, cash flow statement, adequate notes comprising summary of accounting policies and other explanatory information. As per para 60 of IAS 1, the entity shall also present current and non-current assets and liabilities as separate classifications in its statement of financial position.

Bangladesh Bank: The presentation of the financial statements in prescribed format (i.e. balance sheet, profit and loss account, cash flows statement, statement of changes in equity, liquidity statement) and certain disclosures therein are guided by the 'First Schedule' (section 38) of the Bank Company Act 1991 (amendment upto 2013) and BRPD circular no. 14 dated 25 June 2003 and subsequent guidelines of BB. In the prescribed format there is no option to present assets and liabilities under current and non-current classifications.

ii) Investments in shares, mutual funds and other securities

IFRS: As per requirements of IFRS 9, classification and measurement of investment in shares and securities will depend on how these are managed (the entity's business model) and their contractual cash flow characteristics. Based on these factors it would generally fall either under "at fair value through profit or loss account" or under "at fair value through other comprehensive income" where any change in the fair value (as measured in accordance with IFRS 13) at the year-end is taken to profit and loss account or other comprehensive income respectively.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003 investments in quoted and unquoted shares are revalued on the basis of year-end market price and as per Net Assets Value (NAV) of last audited balance sheet respectively. As per instruction of another DOS circular letter no. 03 dated 12 March 2015, investment in Mutual Fund (closed-end) is revalued at lower of cost and (higher of market value and 85% of NAV). As per instruction of another DOS circular letter no. 10 dated 28 June 2015, investment in Mutual Fund (Open-end) is revalued at lower of cost and (higher of market value and 95% of NAV). As such, provision is made for any loss arising from diminution in value of investments (portfolio basis); otherwise investments are recognised at costs.

iii) Revaluation gains/losses on Government securities

IFRS: As per requirement of IFRS 9 where securities will fall under the category of fair value through profit or loss account, any change in the fair value of assets is recognised through the profit and loss account. Securities designated as amortised cost are measured at effective interest rate method and interest income is recognised through the profit and loss account.

Bangladesh Bank: According to DOS circular no. 05 dated 26 May 2008 and subsequent clarification in DOS circular no. 05 dated 28 January 2009, amortisation loss is charged to profit and loss account, mark-to-market loss on revaluation of Government treasury securities (T-bills / T-bonds) categorised as HFT is charged to Profit and Loss account, but any unrealised gain on such revaluation is recognised to revaluation reserve account. T-bills/T-bonds designated as HTM are measured at amortized cost method but interest income/gain is recognized through equity.

iv) Provision on loans and advances

IFRS: As per IFRS 9 an entity shall recognise an impairment allowance on loans and advances based on expected credit losses. At each reporting date, an entity shall measure the impairment allowance for loans and advances at an amount equal to the lifetime expected credit losses if the credit risk on these loans and advances has increased significantly since initial recognition whether assessed on an individual or collective basis considering all reasonable information, including that which is forward-looking. For those loans and advances for which the credit risk has not increased significantly since initial recognition, at each reporting date, an entity shall measure the impairment allowance at an amount equal to 12 month expected credit losses that may result from default events on such loans and advances that are possible within 12 months after reporting date.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, BRPD circular no. 19 dated 27 December 2012, BRPD circular no. 16 dated 18 November 2014 and BRPD circular no. 8 dated 2 August 2015, a general provision @ 0.25% to 5% under different categories of unclassified loans (standard/ SMA loans) should be maintained regardless of objective evidence of impairment and as per BRPD Circular no 56, dated 10 December 2020 and BRPD Circular no 50, dated 14 December 2021, special general provision @ 1% and 1.50%

to 2% respectively on unclassified (standard/SMA) loans that are availing extended time to pay installment/adjustment should be maintained. And specific provision for sub-standard/doubtful/ bad-loss loans should be made at 20%, 50% and 100% respectively on loans net off eligible securities (if any). Also, a general provision @ 1% should be provided for off-balance sheet exposures except bills for collection. Such provision policies are not specifically in line with those prescribed by IFRS 9.

v) Recognition of interest in suspense

IFRS: Loans and advances to customers are generally classified at amortised cost as per IFRS 9 and interest income is recognised by using the effective interest rate method to the gross carrying amount over the term of the loan. Once a loan subsequently become credit-impaired, the entity shall apply the effective interest rate to the amortised cost of these loans and advances.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified, interest on such loans are not allowed to be recognised as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in the balance sheet.

vi) Other comprehensive income and appropriation of profit

IFRS: As per IAS 1 other comprehensive income (OCI) is a component of financial statements or the elements of OCI are to be included in a single other comprehensive income (OCI) statement. IFRSs do not require appropriation of profit to be shown on the face of the statement of comprehensive income.

Bangladesh Bank: The templates of financial statements issued by BB do not include other comprehensive income nor are the elements of other comprehensive income allowed to be included in a single other comprehensive income (OCI) Statement. As such the Bank does not prepare the other comprehensive income statement. However, elements of OCI, if any, are shown in the statements of changes in equity. Furthermore, the above templates require disclosure of appropriation of profit on the face of profit and loss account.

vii) Financial instruments - presentation and disclosure

In several cases Bangladesh Bank guidelines categorise, recognise, measure and present financial instruments differently from those prescribed in IFRS 9. As such full disclosure and presentation requirements of IFRS 7 and IAS 32 cannot be made in the financial statements.

viii) Repo and reverse repo transactions

IFRS: As per IFRS 9 when an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo), the arrangement is treated as a loan and the underlying asset continues to be recognised at amortised cost in the entity's financial statements. The difference between selling price and repurchase price will be treated as interest expense. The same rule applies to the opposite side of the transaction (reverse repo).

Bangladesh Bank: As per BB circulars/guidelines, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the same (or a similar asset) at a fixed price on a future date (REPO or stock lending), the arrangement is accounted for as a normal sale transaction and the financial assets should be derecognised in the seller's book and recognised in the buyer's book.

ix) Financial guarantees

IFRS: As per IFRS 9, financial guarantees are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtors fails to make payment when due in accordance with the original or modified terms of a debt instrument. Financial guarantee liabilities are recognised initially at their fair value plus transaction costs that are directly attributable to the issue of the financial liabilities. The financial guarantee liability is subsequently measured at the higher of the amount of loss allowance for expected credit losses as per impairment requirement and the amount initially recognised less, income recognised in accordance with the principles of IFRS 15. Financial guarantees are included within other liabilities.

Bangladesh Bank: As per BRPD 14, financial guarantees such as letter of credit and letter of guarantee will be treated as off-balance sheet items. No liability is recognised for the guarantee except the cash margin. As per BRPD Circular No.01 dated 03 January 2018 and BRPD Circular No.14 dated 23 September 2012, the Bank is required to maintain provision at 1% against gross off-balance sheet exposures (which includes undrawn loan commitments).

x) Cash and cash equivalent

IFRS: Cash and cash equivalent items should be reported as cash item as per IAS 7.

Bangladesh Bank: Some cash and cash equivalent items such as money at call on short notice, treasury bills with maturity of more than three months and prize bond are not shown as cash and cash equivalents. Money at call on short notice is shown separately in the balance sheet. Treasury bills with maturity of more than three months and prize bond are shown under investment in the balance sheet.

xi) Non-banking assets

IFRS: No indication of non banking assets is found in any IFRSs.

Bangladesh Bank: As per BRPD circular no 22, dated 20 September 2021, Non-Banking assets are acquired on account of the failure of a borrower to repay the loan in time after receiving the decree from the court regarding the right and title of the mortgaged property.

xii) Cash flow statement

IFRS: Cash flow statement can be prepared either in direct method or indirect method. The presentation method is selected to present cash flow information in a manner that is most suitable for the business or industry. Whichever method selected should be applied consistently.

Bangladesh Bank: As per BRPD circular no 14, dated 25 June 2003, cash flow statement is to be prepared following a mixture of direct and indirect method.

xiii) Balance with Bangladesh Bank: (Cash Reserve Requirement)

IFRS: Balance with Bangladesh Bank should be treated as other asset as it is not available for use in day to day operations as per IAS 7.

Bangladesh Bank: Balance with Bangladesh Bank is treated as cash and cash equivalents.

xiv) Presentation of intangible asset

IFRS: Intangible asset must be identified and recognized, and the disclosure must be given as per IAS 38.

Bangladesh Bank: There is no requirement for regulation of intangible assets in BRPD circular no. 14 dated 25 June 2003.

xv) Off-balance sheet items

IFRS: There is no concept of off-balance sheet items in any IFRS; hence there is no requirement for disclosure of off-balance sheet items on the face of the balance sheet.

Bangladesh Bank: As per BRPD circular no 14, dated 25th June 2003, off balance sheet items e. g. L/C, L/G, acceptance should be disclosed separately on the face of the balance sheet.

xvi) Loans and advances net of provision

IFRS: Loans and advances should be presented net of provision.

Bangladesh Bank: As per BRPD 14 dated 25th June 2003, provision on loans and advances should be presented separately as liability and can not be netted off against loans and advances.

xvii) Lease assets

IFRS: As per IFRS 16 'Leases', record interest expense on lease liabilities and depreciation on RoU assets instead of charging rental expense against rented premises treat as lease assets and show in the balance sheet as RoU assets.

Bangladesh Bank: As per BRPD 14 dated 25th June 2003, rent expense should be charged and presented under Rent, taxes, insurance, electricity etc.

2.2 Basis of consolidation

The consolidated financial statements include the financial statements of the Bank and its one subsidiary, NRB Bank Securities-PLC, made up to the end of the financial year as on 31 December 2022. The consolidated financial statements have been prepared in accordance with IFRS 10 "Consolidated Financial Statements" using purchase method. The consolidated financial statements have been prepared by using uniform accounting policies for like transactions and other events in similar circumstances.

Subsidiary

Subsidiary is an enterprise which is controlled by the parent company. Control exists when the parent company has the power, directly and indirectly, to govern the financial and operating policies of an enterprise from the date of control commences until the date that control ceases. The financial statements of subsidiary are included in the consolidated financial statements from the date that the control effectively commences until the date that it control effectively ceases.

Transactions eliminated on consolidation

All intra-group transactions, balances, income and expenses are eliminated on consolidation. Profit and Loss resulting from transactions is also eliminated on consolidation.

2.3 Basis of measurement

The financial statements of the Bank have been prepared on the historical cost basis except for the following material items:

- Government treasury securities (T-bills/T-bonds) designated as 'Held for Trading (HFT)' are marked-to-market weekly with resulting gain credited to revaluation reserve account but loss charged to profit and loss account.
- Government treasury securities (T-bills/T-bonds) designated as 'Held to Maturity (HTM)' are amortised yearly with resulting gain credited to amortisation reserve account but loss charged to profit and loss account.

2.4 Going concern basis of accounting

The financial statements has been prepared on the assessment of the Bank's ability to continue as a going concern. The Bank has neither any intention nor any legal or regulatory compulsion to liquidate or curtail materially the scale of any of its operations. The key financial parameters (including liquidity, profitability, asset quality, provision sufficiency and capital adequacy) of the Bank continued to exhibit a healthy trend for couple of years. The rating outlook of the Bank as denoted by the rating agency (ECRL) is 'stable'. Besides, the management is not aware of any material uncertainties that may cast significant doubt upon the Bank's ability to continue as a going concern.

2.5 Functional and presentation currency

These financial statements are presented in Bangladesh Taka (BDT), which is the Bank's functional and presentation currency. All financial information presented in Taka has been rounded off to the nearest Taka except when otherwise indicated.

2.6 Use of estimates and judgments

The preparation of the financial statements of the Bank in conformity with IFRSs require management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

2.7 Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currency of the operation the spot exchange rate at the date of the transactions. Monetary assets and liabilities denominated into the functional currency at the sport exchange rate at that date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated into the functional currency at the sport exchange rate at the date that the fair value are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognized in the profit and loss account.

2.8 Cash flow statement

Cash Flow Statement is prepared principally in accordance with IAS 7 "Statement of Cash Flows" under direct method as per the guidelines of BRPD circular no.14 dated 25 June 2003. The Cash Flow Statement shows the structure of and changes in cash and cash equivalents during the year. It Cash Flows during the year have been classified as operating activities, investing activities and financing activities.

2.9 Reporting period

These financial statements of the bank cover from 1 January to 31 December 2022.

2.10 Liquidity statement

The liquidity statement has been prepared in accordance with remaining maturity grouping of Assets and Liabilities as at the close of the period as per following basis:

- i) Balance with other banks and financial institutions, money at call and short notice etc. on the basis of their maturity term.
- ii) Investments on the basis of their residual maturity term.
- iii) Loans and advances on the basis of their repayment/maturity schedule.
- iv) Fixed assets on the basis of their useful lives.
- v) Other assets on the basis of their adjustment.
- vi) Borrowings from other banks and financial institutions, as per their maturity/repayment term.
- vii) Deposits and other accounts on the basis of their maturity and behavioral trend.
- viii)Other long term liability on the basis of their maturity term.
- ix) Provisions and other liabilities are on the basis of their payment / adjustments schedule.

2.11 Statement of changes in equity

Statement of Changes in Equity has been prepared in accordance with IAS 1 "Presentation of Financial Statements" and following the guidelines of Bangladesh Bank BRPD circular no.14 dated 25 June 2003.

| Particulars | Basis used | |
|---|-------------------------------------|--|
| Balance with Other Banks and Financial Institutions | Maturity Term | |
| Investments | Respective Maturity Terms | |
| Loans and Advances | Repayment schedule basis | |
| Fixed Assets | Useful life | |
| Other Assets | Realization/Amortization basis | |
| Borrowing from Other Banks, Financial Institutions and Agents | Maturity/Repayment terms | |
| Deposits and Other Accounts | Maturity term | |
| Other Liabilities | Payments/Adjustments schedule basis | |

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all years presented in these financial statements, and have been applied consistently by group entities except otherwise instructed by Bangladesh Bank as the prime regulator.

3.1 Assets and basis of their valuation

3.1.1 Cash and cash equivalents

Cash and cash equivalents include notes and coins in hand and at ATM, unrestricted balances held with BB and its agent bank, balance with other banks and financial institutions, money at call and on short notice and prize bonds which are not ordinarily susceptible to change in value.

3.1.2 Investments

All investments (other than government treasury securities) are initially recognized at cost, including acquisition charges associated with the investment. Accounting treatment of government treasury securities (categorized as HFT or/and HTM) is given following DOS Circular no. 05 dated 26 May 2008 and subsequent clarifications on 28 January 2009. All investment securities are initially recognized at cost, being fair value of the consideration given, including acquisition charges associated with the investment. The valuation methods of investments used are:

Held to Maturity (HTM)

Investments which are intended to be held till maturity are classified as 'Held to Maturity' (HTM). These are measured at amortized cost at each year end by taking into account any discount or premium on acquisition. Premiums are amortized and discounts are accredited, using the effective or historical yield. Any increase or decrease in value of such investments is booked to equity but decrease to profit and loss account.

Held for Trading (HFT)

These are investments primarily held for selling or trading. After initial recognition, investments are marked to market weekly and any decrease in the present value is recognized in the Profit and Loss Account and any increase is booked to Revaluation Reserve Account through Profit and Loss Account.

REPO and Reverse REPO

The Bank has been recording transactions of REPO and reverse REPO following DOS circular no. 6 dated 15 July 2010 of BB. In case of REPO of both coupon and non-coupon bearing (T-bills) securities, the Bank adjusts the revaluation reserve account for HFT securities and stops the weekly revaluation (if the revaluation date falls within the REPO period) of the same security. For interest bearing security, the Bank does not accrue interest during REPO period.

Investment in listed securities

These securities are bought and held primarily for the purpose of selling them in future or held for dividend income which are reported at cost.

Investment in unquoted securities

Investment in unlisted securities is reported at cost under cost method. Adjustment is given for any shortage of book value over cost for determining the carrying amount of investment in unlisted securities.

Provision for shares against unrealised loss (gain net off) has been made according to DOS circular no. 4 dated 24 November 2011 and for mutual funds (closed-end) as per DOS circular letter no. 3 dated 12 March 2015 of Bangladesh Bank.

Besides, bank complied with Bangladesh Bank BRPD Circular 14 dated June 25, 2003 as follows, "All investments in shares and securities (both dealing and investment) should be revalued at the year- end. The quoted shares should be valued as per market price in the stock exchange(s) and unquoted shares as per book value of last audited balance sheet. Provision should be made for any loss arising from diminution in value of investments".

Investments are stated as per following bases:

| Investment class | Initial recognition | Measurement after initial recognition | Recording of changes |
|---|---------------------|---|---|
| Govt. treasury securities - Held for Trading (HFT) | Cost | Fair Value | Loss to Profit and Loss Account, gain to Revaluation Reserve. |
| Govt. treasury securities - Held to Maturity (HTM) | Cost | Amortised cost | Increase in value of such investments is booked to equity, decrease to profit and loss account. |
| Debenture/Bond | Face value | None | None |
| Shares (Quoted) | Cost | Lower of cost or market value | Loss (net off gain) to profit and loss account but no unrealised gain booking. |
| Shares (Unquoted) | Cost | Lower of cost or Net Asset Value (NAV) | Loss to profit and loss account but no unrealised gain booking. |
| Mutual fund (Closed-end) | Cost | Lower of cost and (higher of market value and 85% of NAV) | Loss (net) to profit and loss account but no unrealised gain booking. |
| Prize bond | Cost | Cost | None |

3.1.3 Loans, advances and provisions

Loans and advances are stated in the balance sheet on gross basis.

Interest is calculated on daily product basis, but charged and accounted for quarterly on accrual basis. Interest on classified loans and advances is kept in interest suspense account as per BRPD circulars no. 14 dated September 23, 2012 on Master Circular: Loan Classification and Provisioning. Interest is not charged on bad and loss loans and advances as per guidelines of Bangladesh Bank. Records of such interest amounts are kept in separate memorandum accounts.

Commission and discounts on bills purchased and discounted are recognised at the time of realisation.

General provisions @ 0.25% to 5% under different categories on unclassified loans (standard/SMA), special general provision @ 1% and 1.50 % to 2% on unclassified loans (standard/SMA) loans that are availing extended time to pay installment/adjustment and @ 1% on off balance-sheet exposures excluding bills for collection, and specific provisions @ 20%, 50% & 100% on classified (substandard/doubtful/bad loss) loans are made on the basis of quarter end review by the management and instructions contained in BRPD Circular no 14, dated 23 September 2012, BRPD Circular no 19, dated 27 December 2012, BRPD Circular no 16, dated 18 November 2014, BRPD Circular no 8, dated 2 August 2015, BRPD Circular no 56, dated 10 December 2020 and BRPD Circular no 50, dated 14 December 2021. Provisions and interest suspense are separately shown under other liabilities as per First Schedule of Bank Company Act 1991 (amendment upto 2013), instead of netting off with loans.

Rates of provision on loans and advances are given below:

| Heads | Rates |
|---|-------|
| General provision on: | - |
| Unclassified (including SMA) general loans and advances | 1% |
| Unclassified (including SMA) small and medium enterprise | 0.25% |
| Unclassified (including SMA) Loans to BHs/MBs/SDs against Shares etc. | 2% |
| Unclassified (including SMA) loans for housing finance | 1% |
| Unclassified (including SMA) loans for professionals and Credit Cards | 2% |
| Unclassified (including SMA) consumer financing other than housing | 5% |
| financing, loans for professionals and Credit Cards | |
| Short term agri credit and micro credit | 1% |

| Off balance sheet exposures | 1% |
|---|-----------------|
| Special General provision (COVID-19) on: Unclassified (including SMA) loans that are availing extended time to pay installment/adjustment | 1% & 1.5% to 2% |
| Specific provision on: | |
| Substandard loans and advances other than short term agri credit and micro credit | 20% |
| Doubtful loans and advances other than short term agri credit and micro | 50% |
| Bad/loss loans and advances | 100% |
| Substandard short term agri credit and micro credit | 5% |
| Doubtful short term agri credit and micro credit | 5% |

3.1.4 Property, plant and equipment

3.1.4.1 Recognition and measurement

All fixed assets are stated at cost less accumulated depreciation as per IAS 16 "Property, Plant and Equipment". Land is measured at cost. The cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognised in accordance with the specific requirements of the IFRS. The cost of an item of property, plant and equipment is recognised as an asset if, it is probable that future economic benefits associated with the item will flow to the entity; and the cost of the item can be measured reliably.

3.1.4.2 Subsequent costs

Subsequent costs are capitalized only when it is probable that the future economic benefits associated with the costs will flow to the entity and cost can be measured reliably. The carrying amount of the replaced portion is derecognized. The costs of day to day servicing of fixed assets, i.e. repairs and maintenance is charged to profit and loss account as expense when incurred.

3.1.4.3 Depreciation

Depreciation is charged at the following rates on all fixed assets on the basis of estimated useful lives as determined by fixed asset policy of the Bank. In all cases depreciation is calculated on the straight line method. Depreciation of the assets is charged from the date of acquisition and intended to use and no depreciation is charged from the date when the assets are disposed.

| Category of fixed assets | Rate of depreciation |
|--------------------------------|----------------------|
| Furniture and fixture | 10% |
| Machinery and Equipment | 20% |
| Computer and Network Equipment | 20% |
| Vehicle | 20% |
| Software | 12.5% |
| Mobile Phone | 50% |

3.1.5 Other assets

As per BRPD circular No. 14 dated 25 June 2003, other assets/item(s) have been shown separately as 'income generating' and 'non income generating' in the relevant notes to the financial statements. Other assets include advance rent, advance for revenue and capital expenditure, stocks of stationary and stamps, security deposits to government agencies an unrealised income receivables etc.

3.1.6 Non-banking assets

Non-Banking assets have been recognised in the financial statements as non-earning assets and have been booked on the basis of third party valuation report. Value of the assets receive in addition to the loan outstanding will be kept as reserve against non-banking assets as per BRPD circular no 22, dated 20 September 2021.

3.2 Liabilities and provisions

3.2.1 Borrowings from other banks, financial institutions and agents

Borrowings from other banks, financial institutions and agents include interest-bearing borrowings redeemable at call and Bangladesh Bank refinance. These items are brought to financial statements at the gross value of the outstanding balance.

3.2.2 Deposits and other accounts

Deposits and other accounts include non interest-bearing current deposit redeemable at call, bills payable, interest bearing on demand and special notice deposits, savings deposit and fixed deposit. These items are brought to financial statements at the gross value of the outstanding balance.

3.2.3 Other liabilities

Other liabilities comprise items such as provision for loans and advances/investments, provision for taxes, interest payable on borrowing, interest suspense and accrued expenses etc. Individual item-wise liabilities are recognised as per the guidelines of Bangladesh Bank and International Financial Reporting Standards (IFRS).

3.2.4 Dividend payments

Interim dividend is recognised only when the shareholders' right to receive payment is established. Final dividend is recognised when it is approved by the shareholders in AGM. Dividend payable to the Bank's shareholders is recognised as a liability and deducted from the shareholders' equity in the year in which the shareholders' right to receive payment is established.

3.2.5 Provision for loans and advances

Provision for classified loans and advances is made on the basis of quarter-end review by the management and instructions contained in BRPD circular no. 14 dated 23 September 2012, BRPD circular no. 19 dated 27 December 2012, BRPD circular no. 16 dated 18 November 2014 and related subsequent amendment circulars.

3.2.6 Provision against investment in capital market

Provision for diminution of value of quoted shares and mutual funds (closed-end), placed under other liability, has been made on portfolio basis (gain net off) following DOS circular No. 04 dated 24 November 2011 and DOS circular letter no. 03 dated 12 March 2015 respectively. For unquoted shares, provision has been made based on available NAV of respective nos of units. As on the reporting date, the Bank does not hold any open-end mutual fund. Details are stated in Annexure-C of these financial statements.

3.2.7 Provision for off-balance sheet exposures

In compliance with BRPD circular no. 14 dated 23 September 2012 and related subsequent amendment circulars, the Bank has been maintaining provision @ 1% against off-balance sheet exposures (mainly contingent assets/liabilities) except bills for collection.

3.2.8 Provision for other assets

Provision for other assets is made as per the instructions made in the BRPD circular No. 14 dated 25 June 2001 i.e. 100% provision is required on other assets which are outstanding for one year or more or classified as bad/loss.

3.2.9 Provision for nostro accounts

Provision for unsettled transactions in nostro accounts is made as per FEPD circular no. FEPD (FEMO) / 01/2005-677 dated 13 September 2005 of Foreign Exchange Policy Department (FEPD) of Bangladesh Bank. On the reporting date, the Bank has no unsettled transactions outstanding for more than 3 months and no provision has been made in this regard.

3.2.10 Provision for liabilities and accrued expenses

In compliance with IAS 37, provisions for other liabilities and accrued expenses are recognised in the financial statements when the Bank has a legal or constructive obligation as a result of past event, it is probable that an outflow of economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

3.2.11 Contingent liabilities

Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank.

Any present obligation that arises from past events but is not recognized because:

- * it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- * the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognized but disclosed in the financial statements unless the possibility of an outflow of resources embodying economic benefits is reliably estimated.

Contingent assets are not recognized in the financial statements as this may result in the recognition of income which may never be realized.

3.3 Share capital and reserves

Authorised capital

The authorised capital of the Bank is the maximum amount of share capital that the Bank is authorised by its Memorandum and Articles of Association to issue among shareholders. This amount can be changed by shareholders' approval upon fulfilment of relevant provisions of the Companies Act 1994.

Paid-up capital

The paid-up capital represents the amount of bank's capital that has been contributed by ordinary shareholders. The holders of ordinary shares are entitled to receive dividend as recommended by the Board and subsequently approved by the shareholders from time to time in the Annual General Meeting (AGM).

Statutory reserve

In compliance with the provision of Section 24 of Bank Company Act 1991, the Bank transfers at least 20% of its profit before tax to "Statutory Reserve Fund" each year until the sum of statutory reserve and share premium equal to the paid up capital of the Bank.

Revaluation reserve

When the value of a government treasury security categorised as HTM increases as a result of amortization, the amount thus increased is recognised directly to equity as 'reserve for amortization'. However, any increase in the value of such securities categorised as HFT as a result of 'mark to market' is booked under equity as 'revaluation reserve' but any decrease is directly charged to profit and loss account as per DOS circular letter no. 05 dated 26 May 2008 & DOS Circular letter no 05, dated 28 January 2009.

3.4 Non-controlling (minority) interest in subsidiary

Non-controlling (minority) interest in subsidiary is an accounting concept that refers to the portion of a subsidiary corporation's stock that is not owned by the parent corporation. The magnitude of the non-controlling (minority) interest in the subsidiary company is always less than 50% of outstanding shares, else the corporation would cease to be a subsidiary of the parent. Non-controlling (minority) interest belongs to other investors and is reported on the consolidated balance sheet of the owing company to reflect the claim on assets belonging to other, non-controlling shareholders.

3.5 Revenue recognition

Interest income

Interest on unclassified loans and advances is recognised as income on accrual basis, interest on classified loans and advances is credited to interest suspense account with actual receipt of interest there from credited to income as and when received as per instruction contained in BRPD circular no 14 dated 23 September 2012, BRPD circular no 19 dated 27 December 2012 and BRPD circular no 16 dated 18 November 2014.

Profit on investment (islamic banking)

Income from general investments is accounted for on accrual basis except investments under Musharaka, Mudaraba, Bai-Salam, Bai-as-Sarf and Ijarah modes, where the investment income is accounted for on realization basis. The islamic banking does not charge any rent during the gestation period of investment against Hire Purchase under Shirkatul Melk (HPSM) mode but it fixes the sale price of the assets at a higher level in such a way to cover its expected rate of return. Such income is recognized on realization basis.

Fees and commission income

Fess and commission income arises on services provided by the Bank and recognised as and when received basis. Commission charged to customers on letters of credit, letters of guarantee and acceptance are credited to income at the time of effecting the transactions except those which are received in advance.

Investment income

Income on investments is recognised on accrual basis. Investment income includes discount on treasury bills and zero coupon bonds, interest on treasury bonds, debentures and fixed deposits with other banks. Capital gain on investments in shares and dividend on investment in shares are also included in investment income.

Profit on investment (Islamic Banking)

Mark-up on investment is taken into income account proportionately from Unearned Income account. Income/compensation on classified investments is transferred to profit/rent/compensation/suspense account instead of income account.

Dividend income

Dividend income from investments is recognised at the time when it is declared, ascertained and right to receive the payment is established as per IFRS 9.

Foreign exchange gain/ loss

Exchange income includes all gains and losses from foreign currency day to day transactions, conversions and revaluation of non monetary items.

Interest paid on borrowings and deposits

Interest paid on borrowings and deposits are calculated on 360 days basis (except for some treasury instruments which are calculated on 364 days basis) in a year and recognised on accrual basis.

Profit paid on deposits (Islamic Banking)

Profit paid to mudaraba deposits is recognised on accrual basis according to Income Sharing Ratio (ISR).

Other operating expenses

All other operating expenses are provided for in the books of the account on accrual basis according to the IAS 1 "Presentation of Financial Statements".

3.6 Employee benefits

Provident fund

The Bank operates a contributory provident fund for its permanent employees funded by both the employees and the Bank equally; employees contribute 10% basic salary and the Bank contributes an equal amount. The Bank's contribution is made each month and recorded under salary and allowances. This fund is managed by a separate trustee board i.e. "NRB Bank Employees' Provident Fund" and any investment decision out of this fund is made separately from that of the Bank's funds. The Commissioner of taxes, LTU, Dhaka has approved the provident fund as a recognized provident fund within the meaning of section 2 (52), read with the provisions of part – B of the first Schedule of Income Tax Ordinance, 1984. The recognition took effect from 30 April 2015.

Gratuity fund

The Bank operates a Gratuity Fund scheme on "Continuing Fund Basis", in respect of which provision is made annually which is covering all its permanent eligible employees in accordance with Bank Service Rules. The Gratuity Fund is managed separately by 'NRB Employees Gratuity Fund Trust' and any investment decision out of this fund is also made by this Trust. The Second Secretary (Tax Exemption), National Board of Revenue, Dhaka has approved the NRB Bank Limited Employees' Gratuity Fund as a recognized Gratuity Fund within the meaning of Para 2,3 & 4, read with the provisions of Part - C of the First Schedule of Income Tax Ordinance 1984. The recognition took effect from August 09, 2015.

Superannuation fund

The Banks' introduced "NRB Bank Limited Employees' Superannuation Fund" commencing from August 12, 2019 is subscribed by the contribution of the bank. The fund has been established to provide medical support like; hospitalization, maternity etc. and coverage in the event of accidental death or permanent disabilities of the employees.

3.7 Taxation

The expense comprises current and deferred tax. Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Provision for current income tax of the Bank has been made on taxable income @ 40% considering major disallowances of expenses and concessional rates on certain incomes (15% on gain on trading of govt. securities, 10% on capital gain of shares & MFs and 20% on dividend income) as per Income Tax Ordinance (ITO) 1984.

Deferred tax

Deferred tax assets or liabilities are recognised by the Bank on deductible or taxable temporary differences between the carrying amount of assets and liabilities used for financial reporting and the amount used for taxation purpose as required by IAS 12 'Income Taxes' and BRPD circular no.11 dated 12 December 2011. Deferred tax assets is recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which they can be used. Deferred tax assets and liabilities are reviewed at each reporting period and are measured at the applicable tax rate as per tax laws that are expected to be applied when the assets is realised and liability is settled.

3.8 Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

3.9 Comparative Information

Comparative information including narrative and descriptive one is disclosed in respect of the preceding period where it is relevant to enhance the understanding of the current period's financial statements. Certain comparative amounts in the financial statements are reclassified and rearranged where relevant, to conform to the current year's presentation. Previous year's figure have been re-arranged and restated whenever considered necessary to ensure comparability with the current year's presentation as per IAS-8: "Accounting Policies, Changes in Accounting Estimates and Errors".

3.10 Earnings Per Share

As per IAS 33 'Earnings per Share' the Bank has been reporting 'Basic EPS' as there has been no dilution possibilities during the year. Basic EPS is computed by dividing the profit or loss attributable to ordinary shareholders of the Bank by the number of ordinary shares outstanding during the period. Bonus shares issued in current period are considered for number of ordinary shares outstanding for preceding period to present comparative EPS with retrospective adjustment (restated).

3.11 Reconciliation of books and account

Books of account in regard to inter-bank (in Bangladesh and outside Bangladesh) as well as inter-branches are reconciled at regular intervals to keep the unreconciled balances within non-material level.

3.12 Risk management and other related matters

Financial Institutions are in the business of taking calculative risk and it is important how a bank decides on its risk appetite. The bank firmly believes that robust risk management is the core function that makes its business sustainable. The risk management systems in place at the Bank are discussed below:

Credit Risk

Credit risk is the risk of loss that may occur from the default of any counterparty to repay in accordance with agreed terms and conditions and/or deterioration of creditworthiness. Board of Directors is the apex body for credit approval of the Bank. However, they delegate authority to the Managing Director & CEO or other officers of the Credit Risk Management (CRM) Division. The Board also sets credit policies to the management for setting procedures, which together has structured the CRM framework in the bank. The Credit Policy Manual (CPM) contains the core principles for identifying, measuring, approving, and managing credit risk in the bank. The policy covers Corporate, Retail, Small and Medium Enterprise (SME) exposures. Policies and procedures together have structured and standardized CRM process both in obligor and portfolio level. There is a comprehensive credit appraisal procedure that covers Industry/Business risk, management risk, financial risk, facility structure risk, security risk, environmental risk, reputational risk, and account performance risk.

Liquidity Risk

Responsibility of managing and controlling liquidity of the bank lies with Asset Liability Committee (ALCO) that meets at least once in a month. Asset Liability Management (ALM) desk being primarily responsible for management of liquidity risk closely monitors and controls liquidity requirements on a daily basis by appropriate coordination of funding activities. A monthly projection of fund flows is reviewed in ALCO meeting regularly. On monthly basis, ALCO monitors liquidity management by examining key ratios, maximum cumulative outflow, upcoming funding requirement from all business units, asset-liability mismatch etc.

ALCO also monitors concentration of deposits on large institutional depositors which is volatile in nature. In addition to these ratios, Bank prepares structural liquidity profile, maturity profile of term deposit, cash flow modeling, and contingency funding plan on monthly basis, which are analyzed in ALCO meeting to ensure liquidity at the level acceptable to the bank and regulators.

Market Risk

Market risk can be defined as the risk of losses in on and off-balance sheet positions arising from adverse movements in market prices. Market risk stems from all the positions included in the Bank's trading book, foreign exchange risk as well as from commodity positions. The Bank is susceptible to market risk due to movement in the interest rates, equity prices and exchange rates and the Bank has no exposure to commodity risk.

Market risk management is a systematic function on risk identification, measurement and monitoring relating to interest rates (both deposit and lending), foreign exchange and equity in order to manage/ mitigate adverse impacts. The Bank manages the market risk based on the market risk related policies, guidelines and the limit structure approved by the Board. Management of the interest rate risk and the exchange rate risk is the responsibility of the Asset and Liability Management Committee, while the Investment Committee is responsible for managing the equity risk.

Interest Rate Risk

Interest rate risk is the risk to earnings or capital of the bank arising from movement of interest rates. The movement of interest rates affects bank's reported earnings and capital by changing:

- Net interest income
- The market value of trading accounts (and other instruments accounted for by market value), and
- · Other interest sensitive income and expenses

To manage interest rate risk, ALCO regularly monitors various ratios and parameters. Bank deploys several analysis techniques (e.g. Rate Sensitive Gap Analysis, Duration Gap Analysis) to measure interest rate risk, its impact on Net Interest Income and takes insight about course of actions.

Foreign Exchange Risk

Foreign exchange risk is the risk that a Bank's financial performance or position will be affected by fluctuations in the exchange rates between currencies and implied volatility on foreign exchange options. Bank makes import payment and outward remittance as its outflow, whereas it gets foreign currency inflow as export receipts and inward remittance. Exchange rate risk arises, if, on a particular day, these inflow-outflows don't match and bank runs its position long/short from these customer driven activities. Bank also faces foreign exchange risk if it sources its funding in one currency by converting fund from another currency. Currently, the Bank is facing such transaction exposure in foreign currency for its off-shore banking unit. But these transactions exposure is always hedged.

The bank computes VaR (Value at Risk) on its foreign exchange position arising from customer driven foreign exchange transactions on daily basis. The bank maintains various nostro accounts in order to conduct operations in different currencies. The position maintained by the bank at the end of the day is within the stipulated limit prescribed by the Bangladesh Bank.

Operational Risk

Operational Risk Unit under Internal Control & Compliance Division (ICCD) is primarily responsible for risk identification, measurement, monitoring, control, and reporting of operational risk. Internal Control (audit) Unit of ICCD also conducts risk-based audit at departmental and branch level throughout the year. Besides, 'Bank Risk Management Committee' (BRMC) which reports to MD & CEO also plays a supervisory role.

Operational risks are analyzed through review of Departmental Control Function Check List (DCFCL). This is a self-assessment process for detecting high risk areas and finding mitigates of those risks. These DCFCLs are then discussed in monthly meeting of BRMC.

Information and communication technology risk

The bank has a comprehensive IT security policy and procedures which are formally documented and endorsed by competent authority. To prevent attack from cyber criminals/fraudsters IT division (hereinafter IT) has established standard physical & environmental security measures to all sensitive areas e.g. data center, Disaster Recovery (DR) site, power rooms, server rooms etc. IT has standard logical security measures e.g. access card, password protected Server, access log, measuring device logs, yearic testing results, etc. to all core devices i.e. server, PC etc., connecting devices i.e. switch, router etc., security devices i.e. firewall, IDS etc., all applications i.e. core banking system, antivirus, firewall, VPN, utilities etc., databases, networks and others. IT has standard design and practice in network connectivity, access, build-up, configuration, monitoring, maintenance and security. IT has Business Continuity Management (BCM) to support and handle any human made or natural incident/disaster; moreover regular backup schedule and retention avoids the risk of data loss based on the criticality of the system.

Internal audit

The Bank has established an independent internal audit function with the head of Internal Control & Compliance (ICC). The internal audit team performs risk based audit on various business and operational areas of the Bank on continuous basis. The audit committee and the Board regularly reviews the internal audit reports as well as monitor progress of previous findings. However, the Head of Audit and Inspection being part of internal control & compliance, report to audit committee of the Board and is responsible to audit committee of the Board.

Prevention of fraud

Like any other banks and financial institutions, the bank is also exposed to the inherent risk of fraud and hence implemented a number of anti-fraud controls and procedures specifically designed to prevent and detect any material instances of fraud or irregularities. As per the requirement of Bangladesh Bank regular reporting's are made on self-assessment of various anti-fraud controls as well as any incident of fraud and forgeries that have been identified by the Bank. Regular staff training and awareness programs are taken to ensure that all officers and staff of the Bank are fully aware of various fraud risks in their work area and prepared to deal with it.

3.13 Related party disclosures

A party is related to the company if:

- (i) directly or indirectly through one or more intermediaries, the party controls, is controlled by, or is under common control with, the company; has an interest in the company that gives it significant influence over the company; or has joint control over the company;
- (ii) the party is an associate;
- (iii) the party is a joint venture;
- (iv) the party is a member of the key management personnel of the Company or its parent;
- (v) the party is a close member of the family of any individual referred to in (i) or (iv);
- (vi) the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v); or
- (vii) the party is a post-employment benefit plan for the benefit of employees of the company, or of any entity that is a related party of the company.

3.14 Compliance of International Financial Reporting Standards (IFRSs)

The Bank has complied the following IASs & IFRSs as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) during the preparation of financial statements as at and for the year ended 31 December 2022.

| IAS | IAS Title | Compliance Status |

NRB Bank Limited Islamic Banking Operations as at for the year ended 31 December 2022

The operation of our Islamic Banking is totally different from the Bank's conventional operation as the former operates their business on the basis of Islamic Shariah. Accounting system is vital for ensuring Shariah compliance in such banking operation. Our Islamic Banking operation is committed to follow the accounting principles that refrain from interest. In a nutshell, we follow under noted principles for accounting under its Islamic Banking umbrella.

1 Deposit Collection and Income Sharing Ratio (ISR) based Profit Distribution

For procuring funds from depositors, our Islamic Banking follows Al-Wadiah and Mudaraba principles. In case of Al-Wadiah Account, no profit is allowed at present. But for Mudaraba depositors, NRB is following Income Sharing technique in our Islamic Banking operation.

Income sharing module of NRB Bank has been appreciated by different quarters/institutions/ organizations, particularly by the Central Shariah Board for Islamic Banks of Bangladesh and Islamic Banks Consultative Forum. Our module offers pre-defined Income Sharing Ratio (ISR) for each type of depositor and the Bank. The ISR determines the portion of income for each type of depositor and the Bank. For example, the ISR of 75: 25 would mean that 75% of distributable income is to be shared by the concerned depositors and the rest 25% to be shared by the Bank. The ISR between each type of Mudaraba depositors and the Bank are duly disclosed at the time of Account opening and/or beginning of the concerned period. Profit rate is emerged at actual, as derived from the income fetched from deployment of the concerned fund. As such our rate of profit on deposit under Islamic Banking is nothing but a post facto expression of the respective agreed sharing ratios. Our profit rate is an output based on the Bank's earning on investment.

2 Investment Operation and Return Thereon

Investments of our Islamic Banking are broadly categorized in the following two types in respect of charging (rate of) return:

*Fixed return based investment

Fixed return base investment system is applicable for our Bai-Murabaha Investment mode. Under this mode, Bank sells the goods to a client at a fixed profit /mark-up on deferred payment including post import basis. Hire Purchase Shirkatul Melk (HPSM) is also a fixed return based investment mode. In this case rate of rent is fixed but amount of rent becomes variable on the basis of diminishing balance method.

3 Income/ Revenue Recognition Principle

The bank earns income from various sources such as charges, fees, commission and investment income. To recognize all sorts of income, Bank follows Shariah principle strictly. Usually charges, fees & commission etc. are recognized on actual basis. Recognition of income from investment follows principles as under:

For Bai-Murabaha Investment

While creating each deal, in case of Bai-Murabaha mode of investment, markup/profit is added to the bank's purchase cost with a credit to unearned income A/c. Thereafter time apportionment of profit is recognized out of the unearned income amount at the end of each month on accrual basis. Allowance (rebate) for early repayment, if any, may however be applied at Bank's discretion.

For Hire Purchase Shirkatul Melk (HPSM) Investment

In case of HPSM mode of investment rent is charged and taken into income account at the end of each month on accrual

If the account has a provision of gestation period, generally no income is earned during the period. In this case income starts just after the end of gestation period. However rent is chargeable in spite of gestation, if the delivery of asset is completed in usable condition such as a machine or a set of machinery or building etc.

All accrual income is subject to prevailing classification and provisioning rules of Bangladesh Bank.

4 Cost Recognition Principle

Cost in respect of profit paid on deposit is recognized on accrual basis. Monthly accruals in this respect are calculated on the basis of Income Sharing Ratio. Other costs are also recognized on the accrual basis following the matching concept of Accounting.

To ensure/ supervise Shariah compliance in banking operation, NRB Bank has a knowledgeable Shariah Supervisory Committee comprising renowned Fuqaha, Islamic bankers and academicians conversant in Islamic Economics & Finance.
